MONT/BLANC
COLLECTION

THE RISE OF THE MONT BLANC COLLECTION GROUP

MARTIN DEVICTOR

Martin Devictor, founder of the Mont-Blanc Collection group, is a true mountain lover. Growing up, he spent his holidays in Chamonix with his grandparents. His passion for the valley meant he always wanted to settle down here one day. After the Chalets des Liarets, a project carried out with his siblings, he joined forces with a hotelier in 2011 to open the Faucigny. It was this 3 star hotel with 26 rooms which really brought his vocation for hospitality and service to the fore.

He would go on to open the Apart'Hôtel Le Génepy, the Chalet Hôtel Whympier, the PlanB, the Hôtel des 2 Gares, the hôtel des Goûrmetts and finally the Labrador hotel. Other projects are also underway for the coming years.
